

WarrenTSA

Science Forum

Course Overview:

This termly forum is designed to ensure that science subject leaders and teachers across EYFS, KS1 and KS2 are kept informed of the latest initiatives and understand best practice. Each session will include a training focus as well as an open forum for discussion.

Course Content:

- An update of key publications, research and guidance from the DfE, and OFSTED.
- Discussions around the role of the subject leader in the management of Science.
- Exploration into statutory assessment at the end of EYFS, KS1 and KS2.
- Innovative ideas to take back to school to support staff CPD.
- A chance to and share best practice in the teaching and leading of Science.

About Sam Webber:

Sam Webber is an experienced teacher and a cross phase Science and Mathematics Advisor. She supports Islington and Bexley Local Authorities as well as individual schools across London and the South-East. Much of her work focuses on raising standards in schools and delivering training based around schools' needs. She is passionate about developing teachers understanding of Science so that this leads to greater enjoyment in the classroom, more children developing a sense of curiosity about the world around them and eventually aspiring to a STEM (Science, Technology, Engineering and Maths) career. For many, this could be the key that breaks the circle of poverty and deprivation.

Facilitator: Sam Webber

Course Cost: £50

Venue: Warren Road Primary School, Warren Road,
Orpington, Kent, BR6 6JF

Date/Time: Please see website for details
