

Rivers & Settlements

Boosting subject knowledge at KS2.

By the end of the session we hope the delegates will have:

- An insight into how the new Ofsted inspection framework might help steer their classroom practice.
- A better understanding geography's core knowledge and skills within the context of the national curriculum
- A range of practical ideas for teaching high-quality geography inside and outside of the classroom

Time: 09:00-10:30

Date: Thursday 30th January
2020

Venue: Biggin Hill Primary
School, Old Tye Avenue,
TN16 3LY

Cost: £30

Refreshments will be
provided.

To book a place, please
email WarrenTSA at:

wtsa@warrenroad.bromley.sch.uk

The session will focus on how to bring physical and human processes and their associated vocabulary to life and the importance of local fieldwork in making learning engaging and memorable.

We will make use of maps, atlas and images to create relevant connections between our area and the wider world.

Course Leader: Jon Cannell

Fellow of the Geographical Association

Natural Disasters

Boosting subject knowledge at KS2.

By the end of the session we hope the delegates will have:

- An insight into how the new Ofsted inspection framework might help steer their classroom practice.
- A better understanding geography's core knowledge and skills within the context of the national curriculum
- A range of practical ideas for teaching high-quality geography inside and outside of the classroom

Time: 11:00 – 12.30

Date: Thursday 30th January
2020

Venue: Biggin Hill Primary
School, Old Tye Avenue, TN16
3LY

Cost: £30

Refreshments will be provided.

This session will explore some of the more specialist aspects of the KS2 National Curriculum for Geography, focusing on the knowledge of plate tectonics and hurricanes whilst also exploring the effects of these devastating natural phenomenon.

There will be an opportunity to explore some practical ideas aimed at making the learning memorable in the probable absence of any hands-on fieldwork as well as how to facilitate child led enquiry.

Course Leader: Jon Cannell

Fellow of the Geographical Association

Coast/Living near the seaside:
Boosting subject knowledge at KS1.

By the end of the session we hope the delegates will have:

- An insight into how the new Ofsted inspection framework might help steer their classroom practice.
- A better understanding geography's core knowledge and skills within the context of the national curriculum
- A range of practical ideas for teaching high-quality geography inside and outside of the classroom

Time: 13:30 – 15:00

Date: Thursday 30th
January 2020

Venue: Biggin Hill Primary
School, Old Tye Avenue,
TN16 3LY

Cost: £30

Refreshments will be
provided.

To book a place, please

wtsa@warrenroad.bromley.sch.uk

This session will explore how to sequence lessons that build on the pupils pre-existing knowledge and experiences of coastlines.

There will be the opportunity to consider the natural and human influences and processes at work historically and at present in often very dynamic environments.

As a group we will discuss how and why issues such as global warming, flooding, pollution and over-harvesting should be included alongside the sensory and experiential learning that is so important within KS1.

Course Leader: Jon Cannell
Fellow of the Geographical Association

Rainforests

Boosting subject knowledge at KS2.

By the end of the session we hope the delegates will have:

- An insight into how the new Ofsted inspection framework might help steer their classroom practice.
- A better understanding geography's core knowledge and skills within the context of the national curriculum
- A range of practical ideas for teaching high-quality geography inside and outside of the classroom

As a group we will explore the importance of the rainforest biome from a range of viewpoints from the 'Earth's lungs' to an important source of trade and revenue for its human inhabitants.

Through the geographical themes of place, space and scale we will consider how the decision making processes that we make on visiting our local supermarkets can have an effect on the sustained livelihoods of people living thousands of miles away as well as the health of the planet.

Time: 16:00 – 17:30

Date: Thursday 30th January 2020

Venue: Biggin Hill Primary School, Old Tye Avenue, TN16 3LY

Cost: £30

Refreshments will be provided.
